## Welcome to Chase Walk 2024

So 2024 sees the $40^{\text {th }}$ anniversary of Chase Walk, it started as a one off walk way back in 1982. In 1983 people missed the event so much that it was decided to revive it in 1984 and it has continued ever since. We had an enforced pause in 2001 due to an outbreak of foot and mouth and therefore not allowed to walk the land, and the more recent break in 2021 due to Covid.

We are so grateful for all the people that have walked the event in that time, and particularly grateful for all the fantastic volunteers that have staffed the checkpoints for us, many groups and many individuals having done so for many, many years. It would be interesting to know if anyone has done all of them!

Our current organising team is a mixed bag but with a huge wealth of experience in Scouting and in particular of this event. Roger has done every single event, initially helping at a checkpoint that his Scout Group managed, then moving into the dry and warm of the control room as a radio operator, before then joining the organising team dealing with much of the administration work and taking on a role patrolling the course from start to finish of the event. The phrase 'firefighting' problems took a literal meaning when several years ago he came across a scrub fire late at night. Despite having been at every event Roger has never actually walked it.

Andy, on the other hand, walked the first ever event in 1982 but owned up to not being able to complete it. He then got involved in designing a new route for the relaunch in 1984, a route that has stayed largely unchanged since then. He then helped to staff a checkpoint for a few years before writing the management software for the event and as a result moved into the control room to manage that side of the event for us. Andy now looks after all our management software from bookings, entry fees, walkers through checkpoints and integrates with the tracking system so that we know where all our teams are. Andy now lives in Scotland but still takes the time to travel down to help manage the event on the day, as well as all his work in the 12 months leading up to the event and has only ever missed 3 in all that time due to being out of the country. If anyone feels that they have the skills to create a software management system to support the event, then please contact Andy direct as he is looking to update the management system and would welcome support entries@chasewalk.org

For those out staffing our checkpoints, you will know Judy very well, for those walking then Judy coordinates all those lovely people out on the course that help support you, providing you with refreshments and lovely words of encouragement. Judy first got involved in 1987 when her late husband, lan, started managing our event transport for us. Initially looking after first-aid for us back at Beau Judy then took on the role of checkpoint coordinator 31 years ago.

Duncan first got involved supporting the radio communications for the walk, we can't quite remember when, but it was a very long time ago. We were trying to work it out by what cars he had at the time, we suspect a Rover SD1!! This is a job he still does to this day as well as much of the general organisation of the event. In the 'olden days' every single walker number and letter was passed from the checkpoint to the control verbally by radio. Now, most of the locations are able to use an online tool via their mobile phones to pass walker details but the radio system remains an extremely important part of the event management and safety.

John and Richard are far more recent additions to the organising team, but both did so from a long-standing association to the event. John coordinates the transport side of things for us following his many, many years' experiences out on the transport team as well as having also staffed checkpoints and has twice started the walk but yet to complete it - one day maybe! He also works with Judy to ensure that all the supplies for the checkpoint are purchased and distributed. John and his team manage much of the logistics be it distributing equipment, Portaloo's etc, then making sure we get it all back after.

Richard started supporting the event following the 2007 World Scout Jamboree where he was first introduced to the Scout Communications Team. He helps to provide the technical support to the IT side as well as being front of house as teams come to book in. Following the extremely sad death of Alan Chambers last year, Richard very kindly agreed to take over Alans role of Safety and Walk Controller. So whilst everyone else is going about their business making the event happen Richard is overseeing everything to ensure a consistent approach to safety and ensuring that we deal appropriately with any issues that might arise.

Last, but certainly not least, is Neil. Neil joined the organising team several years ago to specifically coordinate our Scout walk for us. Unfortunately, we seem to have lost track of how many years the Scout walk has been going but for those that didn't get their first experience of Chase Walk via the Scout walk, this is a 13 mile walk that utilises several of the same checkpoints as the main walk. We limit this walk to 50 teams, some 300 or so walkers. We are extremely grateful to Neil and his team allowing us to share the fantastic Chase Walk experience to as many Scouts as possible. Oh, and Neil has actually completed the main walk prior to taking on the organising of the Scout walk.

As always the organising team works hard to provide a safe event for all. We hope that at the end of it you can all look back and be glad that you took on the challenge, regardless of how far or how fast you did it, their always next year!

As an organising team, however, we always acknowledge that without the support of so many other people this event simply wouldn't take place. Our checkpoint teams, radio operators, IT technical support, drivers and copilots, kit checkers, finish team, first-aiders etc are all fantastic volunteers there to support you in your challenge - we simply can't thank them enough. We are also extremely grateful to all the landowners for supporting the event in the way that they do.

And finally, to all of you that put one foot in front of the other this is all for you. If you didn't participate in the event the rest of us would have a pretty dull day out! Between the Scout walk and this, the main Chase Walk, we will have in the region of 600 Scouts and Scouters out and about around the course. Please don't forget to take the time to enjoy it. As always we keep our fingers crossed for some decent walking weather - plenty of hot or cold drinks available to you at the checkpoints so keep well hydrated.

We wish you all well for what we hope will be another fantastic event.

The Organising Team

## Programme

| Friday Evening/Night | - Teams arrive at Beaudesert. 22.30 - Registration closes. |
| :---: | :---: |
| Saturday | 04.30 - Registration reopens. <br> 04.45 - Breakfast available. <br> 05.30 - Kit Check opens. <br> 06.00 - Walk starts. <br> 08.00 - Last team starts. <br> 14.00 - First teams approach finish. <br> 24.00 - Final teams finish. |
| Sunday | 08.00-09.00 - Breakfast available. 10.00 - Presentation. |

## Checkpoints and Staff.

| Checkpoint | Group and Contact | Location |
| :--- | :--- | :--- |
| 1 Forest Centre | $\begin{array}{l}\text { Focus Explorer Scout Unit } \\ \text { Helen Barnsley }\end{array}$ | 017171 |
| 2 Aspen Car Park | $\begin{array}{l}\text { Foundation \& Wylde Green SAS } \\ \text { Paul Fennell } \\ \text { 2nd Sutton Coldfield }\end{array}$ | 982158 |
| 4 Mansty Farm | $\begin{array}{l}\text { Sara Billingham } \\ \text { 1st Sutton Coldfield } \\ \text { Peter Wilcox }\end{array}$ | 959129 |
| 7 Parkgate Lock | $\begin{array}{l}\text { 7th Sutton Coldfield Scout Group } \\ \text { Mark Ellis }\end{array}$ | 933132 |
| 2nd Rugeley Scout Group |  |  |$] 937159$

Without the valued help of all our supporters out there on the checkpoints this event quite simply wouldn't be possible. Many of the checkpoint teams have continued to support the event for many, many years.

On behalf of the Chase Walk organising team we say a huge thank you to them, why don't you make sure you say thank you as you pass through!

## How to get to Beaudesert

Beaudesert is between Rugeley, Cannock and Lichfield.
The entrance to the site is in Gentleshaw (Cannock Wood), grid reference 050125 (what3words going.impressed.areas). Follow the tarmac track round several bends ( mind the speed ramps!) for about half a mile to the car park.

## Training

If you visit Beaudesert for training walks, please let the campsite office know you are on the site or leaving your car. The site phone number is 01543-682278.

## Dogs

Please note dogs are not permitted to walk the event and are not allowed at Beaudesert Camp Site other than for registered assistance dogs which must be notified in advance.

## Food and Drink

## Meals at Beaudesert

Saturday and Sunday breakfast are available at extra cost and must be booked in advance. Food must be pre-booked via your online entry where you can book more meals than team walkers to allow for drivers etc.

Meal bookings will close on the 3rd March. Only meals paid for by this date will be included.

Mealtimes
Saturday $\quad$ 04.45-07.00 Breakfast

Sunday
08.00-09.00 Breakfast

## Refreshments at Beaudesert

Free tea and coffee will be available on Saturday, late afternoon onwards in the Finish area.

## Tracking

We use GPS tracking devices in order to assist us with the safety aspect of the event. Each team is issued with a tracker which must remain with the team throughout the event and must be handed back in as you reach the finish line.

## The Rules

It is the responsibility of every participant and team coordinator to ensure that they have read, understand and agree to abide by these rules. These are reviewed every year and may contain changes to previous years.

1a Entries must be made using the on-line entry via the website. www.chasewalk.org. Once monies are received they are non refundable.
1b Entries must be from TEAMS of 4 to 7 people aged 14 or over on the day of the event and are current members of the Scout Association or Guide Association. None Scouting teams will be accepted at the discretion of the organisers but will only be considered from recognised groups with appropriate insurance and not from a group of private individuals. The organisers reserve the right to refuse entry to any team or individual team member.
1c Entries will be closed when the maximum number of walkers is reached or on a date agreed by the organising team and posted on the event website.
1d The organisers reserve the right to change any team name inappropriate to a Scouting event.
2 Each participant will be issued with a walk card at registration. THIS MUST BE CARRIED BY THE INDIVIDUAL WALKER and be produced and punched at each checkpoint reached.

3a Participants may only retire at official checkpoints. If a checkpoint cannot be reached a message must be sent to the nearest checkpoint or, if appropriate, direct to walk control. The remainder of the team may continue the walk and be in the competition provided that they are 4 or more in number and carry the specified team equipment. Teams with less than 4 walkers remaining may join with other full or part teams to complete the walk but will not be eligible for trophies.
3b Teams must keep together at all times. Retired walkers cannot continue with another team.
3c At Shugborough Hall teams must continue by following the footpath through the estate and along the canal to the Severn Springs checkpoint and are not permitted to return to walk via the A513. You are only permitted to cross the A513, not to walk along it.

4a Participants may be disqualified if:-
Any of the rules are broken.
The country code and rules of the road are disobeyed.
Members of the team do not keep together.
Recognised footpaths are not used or you do not walk carefully along road sections.
Checkpoints are not visited in the correct order.
ANY ASSISTANCE IS RECEIVED EXCEPT IN AN EMERGENCY.
In the opinion of a marshal a walker is unfit to continue.
A checkpoint is reached after its allocated cut-off time.
4b Additionally participants will be disqualified if they are deemed to have received assistance from anyone other than an event marshal or event official except in the event of an emergency. Such assistance might be the provision of food, clothing, drinks etc from support teams. All competitors are required to carry all their own provisions for the duration of the event and to use the services provided by the checkpoint locations. The event organisers do not allow the use of support teams as this can often cause conflict with the event and overwhelm checkpoint locations.

5a Boots / Footwear designed for prolonged use over rough and wet terrain MUST BE WORN AT ALL TIMES.

5b PERSONAL equipment to be worn or carried in a rucksack BY EACH COMPETITOR:

Long sleeved base layer
Warm long sleeved shirt
Long sleeved microfleece or suitable jumper/top
Full length legwear suitable for outdoor use (NOT denim)
Quality wind and waterproof coat \& over trousers
Spare socks
Warm hat
Warm gloves or mittens
Food for consumption en route
Pencil and paper
Watch (or other devise with a clock on it i.e. mobile phone)
Drinking mug
Whistle
Compass (The compass should be of Silva or Suunto type with a roamer and base plate to take and walk on a bearing, suitable for use with your OS maps)
Torch with spare batteries and bulb. Your torch must be of a suitable size to provide sustained light suitable to illuminate your route over several hours during darkness. LED torches do not require spare bulbs. Wind up torches are not suitable.

Personal exposure bag (minimum standard of polythene exposure bag at least $6^{\prime} \times 2$ ' 6 " 500 gauge or metric equivalent). Foil blankets may be carried in addition but not instead of.

Hi-visibility waistcoats with reflective banding which must be visible front and rear. These must be worn at all times during the hours of darkness and must be worn from 18.00 hrs until the completion of the event. They must also be worn at any point on the route where motorists would benefit from seeing the 'hi-viz' (please see the note above about not walking on roadways) or when instructed to do so by an event marshal.

Completed route plan which must contain as a minimum the information listed from the route card in this walkers' handbook.

You are required to wear or carry clothing appropriate to the event, the Chase can get extremely cold at night. If the weather is appropriate you might choose to walk in T-shirt and shorts during the day for example, but items such as these are additional to the required kit listed.

# 6 In addition each TEAM must carry <br> First Aid kit which should include as a minimum a good supply of plasters, blister treatment, antiseptic wipes and wound dressings. <br> Emergency high energy food such as mars bars, Kendal mint cake or any such snacks according to your preference. <br> Thermos flask with hot drink. <br> Sleeping bag (suitable for keeping a casualty warm). <br> 2 sets of OS maps of the route ( $1: 50000$ sheets 127 \& 128). Total 4 maps. OR 2 of Explorer 244 Cannock Chase \& Chasewater (1:25000) Photocopies may be used in addition but are not accepted as a substitute. <br> All rucksacks must display reflective material visible from the rear - A high level of Hi-visibility and reflective banding (which can be supplemented with red lamps such as bicycle lamps) is to be placed specifically around the rucksack of the team's backmarker. This could be an additional hi-viz jacket worn around the rucksack. <br> Event Handbook 

7 The above list of equipment will be strictly adhered to at the kit check. If you have any queries please contact us before the event.

TEAMS WILL NOT BE PERMITTED TO START, or continue the walk unless the equipment listed in rules 5 and 6 can be produced at the kit check and at spot checks carried out by inspection teams on the course.

8 Acceptance of all applications will be at the discretion of the organisers. On completing the registration form, all participants agree to accept the rules and conditions governing the event. The organiser's decision will be final in any dispute. These rules may be changed if it is necessary in the interests of safety.

9 All registration forms must be signed by someone in authority that can confirm that the entrants are correctly prepared to enter the event and that the Scout / Guide district are fully aware of their participation. i.e. unit leader, GSL etc.

10 The organisers accept no responsibility whatsoever for any accident, injury or loss of property incurred during the weekend of the event. All decisions made by the organisers are final.

11 By entering the event participants are agreeing to the possible use of photographs and/or video footage of themselves for use in the promotion of Chase Walk, and to their team location during the event being tracked and published. For those under 18 years of age it is the responsibility of the teams leadership to ensure that full acceptance of these rules is gained from the relevant parent or guardian. The organisers will assume that consent has been agreed by their parents or guardians in acceptance of all these rules for them to become a participant.

## Spectators

Whilst support teams are not permitted spectators are welcome on the Chase Walk and we hope this handbook will be of use to those not actively involved as well as to the participants.

However, there have been occasions when spectators have caused us some problems. We therefore ask you to help the smooth running of the event by following these guidelines.

1 Do not give any assistance to walkers (except, of course, in the case of an emergency) as this may result in their being disqualified. Such assistance might be the provision of food, clothing, drinks etc from support teams. All competitors are required to carry all their own provisions for the duration of the event and to use the services provided by the checkpoint locations.
2 Park well away from checkpoints. Congested checkpoints hamper staff, confuse competitors and anger landowners - several checkpoints are on private land and we only have permission for essential vehicles.
3 Do not give lifts to retired walkers until a checkpoint officer gives permission. Otherwise transport will be sent unnecessarily, and we will worry over "lost" walkers.
4 The event organisers do not allow the use of support teams as this can often cause conflict with the event and overwhelm checkpoint locations.

Information on the progress of the event and your teams is available on the website.

## Returning Retirees

Please make contingency plans for the possibility of members of your team not completing the whole route. There have been occasions in past years where people have been stuck without car keys, dry clothes, money or food, in some cases for many hours.

## By-Laws

All walkers and spectators are required to respect and abide by all local rules and bylaws, in particular those enforced by Beaudesert Camp Site, the Forestry Commission, Staffordshire County Council and Canal \& River Trust.

Home Contact

| Wandon Crossroads |  |  |
| Beaudesert Dining Shelter in Walled Garden |  |  |

5) 
6) 
7) $\qquad$
your allocated start time.

## This space is for you to make your own notes about the route

As part of our permissions granted by the Forestry Commission (who have been fantastic in supporting our event) we must ensure that we keep noise to an absolute minimum before 9am both as you approach the houses located by, and whilst you are at, checkpoint 1 at the Visitors Centre. This is to avoid disturbing the local residents and MUST be observed to avoid any issues with us getting the permissions for next year's event.

Your support in doing this is very much appreciated.

## The Chase Walk Stage by Stage

## Arrival/Camping

Those camping at Beaudesert may camp in any of the areas marked on the campsite map. PLEASE DO NOT TAKE VEHICLES OFF THE TRACKS AS IT DAMAGES THE GRASS. After unloading please return your vehicles to the car park, do not leave vehicles blocking the tracks.
When on site please have consideration for other people, who may have an early start so please keep the noise to a minimum. The use of Generators is not generally permitted on site except by prior arrangements direct with the site who require at least 20 days notice and a full risk assessment. For this event they are not permitted to run between 22.00hrs and 09.00hrs Friday to Sunday.

You are not required to pre-book camping direct with the campsite if camping as part of the Chase Walk event and camping in the designated area.

## Registration

All teams should complete the full online registration process completing all individual walker details before midnight on the Sunday prior to the event. You will then need to print your registration form so that it can be signed by an approved person. Booking in will then be open on Friday afternoon until 22.30, and will reopen at 04.30 Saturday. A maximum of TWO people should bring your completed registration form to Check-in. YOU WILL NOT BE PERMITTED TO WALK WITHOUT PRESENTING YOUR SIGNED AUTHORISATION SO DO NOT LEAVE IT TO THE LAST MINUTE AND DON'T FORGET TO BRING IT! You will be issued with your walk cards, which each walker must carry personally during the walk. Please allow AT LEAST 30 minutes to register before your kit-check time - there is no allowance for late starting.

## Catering

Pre-booked breakfasts will be served in the Cal Day Cafeteria (see map of Beaudesert).
Free tea and coffee will be available from Saturday afternoon in the finish area, bring your own mug.

## Kit Check

Have you registered? Are all your team together? Have you got everything on the kit list? If so then you are ready for the kit checkers who are located in Stable \& Warren within the Walled Garden, ready and waiting for you. Please report as close as possible to your allocated time.

## Start

The start is on the veranda of the The Hut located in the Walled Garden. Make sure your team is ready to start when you are called, as no allowance will be made for late starting. Have your walk card ready to be stamped by the starter.

## Map of Beaudesert

## Checkpoints

As you arrive at a checkpoint ensure that ALL your team or combination of teams are together (you shouldn't be out of contact anyway!). Report to a checkpoint marshal and get your walker card punched before taking a rest or refreshments. Keep your mug handy for drinks. The clock is still running whilst you are at a checkpoint so be mindful of how long you stay - 10 minutes at each one adds up to 2.5 hours!

When on the approach to checkpoint 3, Mansty Farm, please ensure that you do not walk across the fields of crop but instead walk around the perimeter. The farmer very kindly allows us to use his land for the checkpoint and we do not wish to upset him by trampling a path across his crop.

## Food on the Course

Your entry fee includes drinks (squash, tea, coffee, soup etc.) at most checkpoints.
Two checkpoints also provide a snack - please note this is intended as a supplement to your food for the day, you must bring and carry your own lunch (and breakfast and tea!).

## The Route

A lot of time has been spent to find a course that is off the roads and interesting. In a number of places it may seem possible to use roads rather than the approved course, please don't because: i) Many of the roads are narrow and have no footpath; ii) Road walking is not very interesting.

DANGER! PLEASE NOTE THAT THERE ARE MANY OLD MINE SHAFTS ON THE CHASE. YOU MUST ENSURE THAT YOU DO NOT LEAVE A FOOTPATH.

## The Start - Beaudesert

From the start head up Beaudesert campsite to Castle Ring. When approaching the A460 at 027157 turn right and follow the road to the junction. Do not be tempted to climb the grass bank and cross the barriers as you are on a dangerous blind bend.

## PLEASE BE QUIET AROUND THE HOUSES APPROACHING CHECKPOINT 1

CP1 - Forest Centre Cold drinks
The checkpoint is opposite the centres gates. Start through the woods parallel to the road up Penkridge Bank, before joining the road for the final 600 m to Rifle Range Corner. Cross the Sherbrook Valley and climb a little to checkpoint 2 at:

## CP2 - Aspen Car Park

Hot and cold drinks toilets Follow the track beside the road past the War Cemetery, then the footpath through Dogingtree Estate, cross the A34 and take the footpath past the now cleared site of the coal mine and across the fields to join the minor road at:

CP3-Mansty
Hot and cold drinks Continue along the footpath until the B5012. Turn right, and then left onto a track at Pillaton Hall Farm. Please do not walk through the farmyard and walk around the perimeter of the fields, not line of sight. Beside the motorway bridge is:

## CP4 - Penkridge

Hot and cold drinks, snack, toilets
Follow the minor road past houses to gain the canal towpath. Follow the canal to the next checkpoint, do not use the road as it is very narrow and has no footpath.

CP5-Parkgate Lock
Hot and cold drinks
Follow the Staffordshire Way to Bednall, cross the A34 with care and take the path up to:

Descend to the hollow below Tar Hill, then pass through Brocton to pick up the bridleway to Walton just to the left of the golf course entrance. The checkpoint is at the junction of this bridleway and the road outside Walton.

## CP7 - Walton-on-the-Hill

Hot and cold drinks
Walk through the housing towards the Walton Farm, turning right to gain the footpath to Brocton Lodge. Cross the Brocton-Milford road and go up the track opposite. Use the uphill track to Coppice Hill.

## CP8 - Coppice Hill

Hot and cold drinks
Follow the road via Anson's Bank and Springslade Lodge back to Aspen car park. This part of the chase was a huge army camp set up in 1915. To the left of the road are the concrete bases of buildings, connected by a railway that joined the main line at Milford. About 1500 wooden huts were erected on this very exposed area and between 1915 and 1918 some 250,000 soldiers passed through these camps.

## CP9 - Aspen Car Park

Hot and cold drinks, soup, toilets
Return to the Sherbrook Valley and turn north towards the wooded slopes of Brocton Coppice, the last remnants of the natural oak forest which covered the Chase before large scale charcoal burning at the beginning of the Industrial Revolution. At a crossroads go straight on up to:

## CP10 - Cutting Car Park

Hot and cold drinks
Having relocated from the summit of Oat hill make sure you follow the revised route. From here you need to head down the track to Milford Common where you will cross the A513 and straight into the visitors entrance of the magnificent parkland of Shugborough Hall. The house has been the seat of the Anson family since 1624. The family later received the title "Earls ~ of Lichfield", and the fifth Earl, photographer Patrick Lichfield, lived here until his death.

CP11 - Shugborough
Hot and cold drinks, toilet
The checkpoint is to the side of the estate road through the park. You cross the River Trent via the Essex Bridge, a superb structure built in the 17th Century as a packhorse bridge. Originally there were over forty arches; only fourteen remain, but it is still the longest packhorse bridge in England.
Follow the towpath beside the canal, built by James Brindley around 1770 to link the Trent with the Mersey. Leave the canal at Navigation Farm.
You must not return to walk via the A513 as this contravenes rule 3c. the perimeter of the rifle range. Even though the range is now out of use; do not cross it as there is danger of old ammunition.

CP13-Rifle Range
Hot and cold drinks, toilet
Located in the small car park at the entrance to the Army Cadet centre, head south through the woods to Flints Corner and Marquis Drive. Take great care when crossing the A460 as this is a very fast road.

CP14 - Moor's Gorse
Hot and cold drinks, soup
The water pumping station here at Moor's Gorse is one of six on the Chase that pump from bore holes tapping the vast store of water in underground pebble beds. Continue up Marquis Drive to:

## CP15 - Wandon Crossroads

Hot and cold drinks.
From here you need to follow the Heart Of England Way back up to Castle Ring and enter the site from there. Use the track and not the road. Do not follow the route past Horsepasture Pool and the Quarry as the fencing has been repaired and there is no access to the site anymore.

## Finish

The finish desk is inside the far end dining shelter located within the walled garden, accessed via the metal archway between the toilet blocks and the Alpine Barn buildings.

## Your Team

The Chase Walk is a TEAM event. If a member of your team is unfit to continue, your first duty is to see them safely to a checkpoint or collected by Chase Walk transport. You must be close enough together to be able to communicate with each other AT ALL TIMES. You started together, and should STAY TOGETHER.

Teams must walk together as a group and be able to easily talk to each other. Arriving at checkpoints minutes apart is not acceptable.

## Retiring

Should you decide not to continue, or a marshal decides you are unfit to continue or you arrive at a checkpoint after its cut-off time then you will retire. Transport will be arranged to take you back to Beaudesert.
Should you be unable to continue between checkpoints, at least one other team member must stay with you whilst others obtain assistance. In this instance the remaining team members must not continue the walk until Walk Control give permission. It is your first duty to ensure that the retiring team members are safely accounted for and you may be required to help locate them.

The remaining members of your team will be allowed a time adjustment in this case.
Once you have retired and the rest of your team have left then you CANNOT continue walking. If you do this you render your whole team liable to disqualification for not walking as one group.

## Disqualification

We have tried to tune the Rules over the years to cover all eventualities without becoming a huge legal document, but this isn't easy. The Chase Walk exists only for the participants; the rules may appear unnecessarily strict to some, however, with over 600 walkers in some years, spread over 40 miles, we need to do what we can to try and ensure that there are no serious problems. This is why you have agreed to follow these rules when entering the event.
We hope that there will be no problems during the walk, but the only people that can ensure that are you, the participants. You agree to the rules when you enter: please abide by them - both letter and spirit.

## First Aid

Report to the First Aid team located near the finish. If it is your feet that require treatment please bring a towel and clean socks. If you require assistance whilst on course speak to the checkpoint team. If between locations and you require urgent assistance call 999 direct if appropriate, then the emergency event contact number so that we can arrange additional support, or direct to the event number if support is required but not requiring an immediate 999 response.

## Presentation

All walkers and spectators are invited to attend the presentation, which will start at 10.00 am on Sunday morning in the walled garden kitchen area.

## Results

Results will be available on the website. Certificates will be available for collection during the presentation. Any not claimed will be posted on.

## Lost Property

Their will be a lost property collection point in the main control room available until 30 minutes after the presentation ceremony on Sunday morning. After the event any enquiries should be emailed to entries@chasewalk.org. Any lost property not claimed by 1st May will be disposed of. Lost property returned by post will be charged for. The organisers of the event accept no responsibility for lost items.

## The Chase Walk Trophy Winners.
